PROFILE SUMMARY

Passionate Web Developer with expertise in HTML, CSS, JavaScript, and proficiency in React.js, Next.js, TypeScript, and Tailwind CSS. Skilled in building responsive, user-friendly interfaces and enhancing backend expertise in API integration and authentication workflows. Committed to delivering high-quality web solutions that meet both user needs and business goals.

PORTFOLIO HIGHLIGHTS

E-commerce Website

- Developed a responsive e-commerce site using React.js, Tailwind CSS, Node.js, Express.js, and MongoDB.
- Added product browsing, cart, authentication, and real-time order processing.
- Implemented reusable components and optimized performance for faster load times and scalability.

Chat App

- Developed a real-time chat application using React.js and Firebase for instant, secure messaging.
- Implemented Email authentication with a user-friendly interface for creating and joining chat rooms.
- Optimized Firebase integration for fast message delivery and reliable performance across devices.

MERN-Stack E-Commerce Platform

- Developed a full-stack e-commerce platform using Next.js, TypeScript, Tailwind CSS, MongoDB, and Express.js with responsive, scalable architecture.
- Implemented role-based authentication (User & Admin) and features like product management, order tracking, cart, and shipping address management.
- Built an admin dashboard for managing products, users, and orders with a secure and efficient workflow.
